DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 17, 19-21, 23-26 and 28-30 are rejected under 35 U.S.C. 102(b or e) as being anticipated by Nakano 5,165,990 or Campbell et al. 6,388,046.
3. Applicants' contention, that the cited references fail to teach that the pallet made out of the compositions disclosed by the cited references passes the UL 2335 protocol, is noted. However, there has been no proof submitted that said compositions do not intrinsically possess the required fire resistance. Campbell et al. teach that their compositions have a rating of V-2 under the UL-94 protocol. Since it is well settled that counsel's statements cannot take the place of objective evidence, (In re Pearson, 494 F.2d 1399, 1405, 181 USPQ 641, 646 [CCPA 1974]), the examiner maintains the previous rejection on the basis of inherent properties until applicants submit proof to the contrary.

Claim Rejections - 35 USC § 103

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 17, 19-26 and 28-31 are rejected under 35 U.S.C. 103(a) as being unpatentable over Nakano 5,165,990, in view of Miller 3,405,666, Fowler 3,814,031, Fowler et al. 3,951,078, Fowler et al. 4,007,694 or Alexander et al. 5,492,069.

Art Unit: 1714

6. All of the references have been discussed previously. Having holes in at least one deck of a pallet is neither novel nor unobvious.

Allowable Subject Matter

7. Claims 18, 27 and 32-34 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter Szekely whose telephone number is (703) 308-2460. The examiner can normally be reached on 7:00 a.m.-5:30 p.m. Tuesday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (703) 306-2777. The fax phone number for the organization where this application or proceeding is assigned is (703) 872-9306.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0661.
